Gosport Gang Show

Do I have to Audition?

DO WE AUDITION THE CAST?

For many, it will be their first time 'on stage'.

The cast do not have to be 'stars', most will be able to sing, but there are opportunities for those who are less confident in singing but can speak well and could act in the sketches. You don't need to know how to dance either, you'll learn that if you show willing, you'll have fun in the process and probably surprise yourself!

Enthusiasm & good behaviour is all that is required.

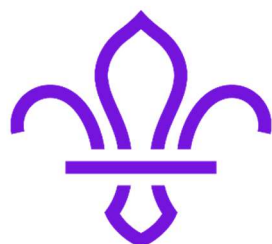

All we ask is a willingness to give it a go, effort and attitude is more important than raw talent.

No one is expected to sing a solo or dance alone on stage, unless they want to, that can come when you feel more confident as many do, after a few rehearsals.

If we have many more applicants that we can manage, we may need undergo an audition process, but that is unlikely.

In all cases everyone must re-register each year so anyone has an equal chance of being part of the cast.

However, all potential cast members must accept that the decision of the Producer/Director in assembling a cast, is final.
